### Congratulations!!

Our online catalog of Simplex Strainers, Duplex Strainers, Filter housings, filter bags and spray nozzle accessories includes customizable datasheets and guided selection criteria. The products found at [www.industrial-strainers.com](http://www.industrial-strainers.com) are offered at truly factory direct, wholesale prices. Even better, most of these items are available to ship within 72 hours after receipt of an order.

We offer the largest selection of 100% Hayward<sup>®</sup> compatible strainers and parts. Most strainers are in stock and baskets are custom manufactures to ship within 72 hours. [Simplex](#) and [duplex](#) strainers are used for coarse filtration, [simplex and duplex filter housings](#) are used for fine filtration and [air liquid separators](#) are used for removing 99% of the moisture entrained in gas streams, such as air compressor lines.

Accessories for Strainers, Filters and Spraying Systems:

[Pressure Gauges:](#) Quality Grade A (2-1-2%)

- Non Filled, 1-1/2", 2", 2-1/2" and 4" dial sizes
- Liquid Filled, 1-1/2", 2", 2-1/2" and 4" dial sizes

[Polypropylene Fittings:](#)

Fittings including couplers, nipples, hex plugs, hose barb adapters, reducer bushings, elbows & tees

[Valves:](#)

Ball Valves made of Polypropylene, brass and stainless steel in 1/8" through 3" sizes

[Hose Fittings - Quick Couplers & Adapters:](#)

Quick connect hose fittings in polypropylene, nylon, PVDF, stainless steel and food grade materials from 1/2" to 3" sizes

[Strainers:](#)

[Simplex](#) and [Duplex](#) strainers strainers in cast iron, stainless steel, polypropylene and nylon. 1/2" to 8" threaded and flanged connections sizes

[Filter Housings:](#)

Custom made filter housings for filtering to low micron levels, 1" to 14" simplex, duplex and multiple bag filter housings in carbon steel and stainless steel.

[Filter Bags:](#)

Polyester filter bags, polypropylene filter bags, nylon filter bags and special FOS oil filter bags from 1/4 to 800 micron retentions
